EDUCATION

University of Houston

Bachelor of Science, Computer Information Systems — GPA: 3.50

Dean's List, Spring 2025

Houston, TX

Expected May 2027

Houston City College

Associate of Arts, Business Administration — GPA: 3.24

Dean's List, Fall 2024

Houston, TX

December 2024

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript, HTML/CSS

Frameworks & Tools: FastAPI, Streamlit, Chart.js, Plotly, Tableau, SQLite, GitHub

Enterprise & Business Systems: SAP S/4HANA (FICO), SAP Activate, OPERA PMS

Concepts: Systems Analysis & Design, Data Validation, Database Design, Network Analysis, REST API Development

Certifications: SAP Learning Journey: Discovering SAP (Mar 2026)

PROJECTS

Hotel Operations Analytics Dashboard — *Python, Streamlit, Plotly, pandas*

Spring 2026

- Built an interactive dashboard that transformed raw hotel booking data into operational KPIs including RevPAR, ADR, occupancy, cancellation rate, and guest satisfaction to support management decision-making.
- Used pandas and NumPy to clean and structure booking data, then created dynamic Plotly visualizations with filters, CSV export, and auto-generated management notes for operational reporting.

Smart Bakery REST API — *FastAPI, SQLite, Python, Pydantic, Render*

Spring 2026

- Developed a backend API that connected a normalized relational database to real-time order and inventory logic, supporting CRUD operations, stock validation, and referential integrity across core business entities.
- Deployed the API on Render with auto-generated Swagger documentation and parameterized SQL queries, demonstrating cloud-hosted backend development and live endpoint testing.

Emily Bakes Cakes — Order Management System — *HTML5, CSS3, JavaScript, Chart.js*

Fall 2025

- Served as Lead UI and Prototype Developer for a 9-person team, translating bakery business requirements and Figma wireframes into a deployed web application with a customer-facing ordering site and five role-based staff dashboards.
- Managed application state across multiple pages using LocalStorage without a backend, enabling persistent order and customer data flow across manager, sales, baker, decorator, and accountant views.

EXPERIENCE

Student Intern | *Accellux* | Greater Houston, TX

Mar 2024 – Mar 2025

- Supported SAP S/4HANA FICO implementation for enterprise clients including Halliburton and Siemens, contributing to financial data extraction, report validation, and system testing aligned with SAP Activate methodology.
- Contributed to process documentation and system testing cycles to ensure data accuracy and readiness across multi-client deployment phases.

Front Desk Attendant | *IHG Hotels & Resorts* | Houston, TX

Jun 2024 – Dec 2024

- Managed 50+ daily check-ins through IHG Merlin, OPERA PMS, and Holidex, maintaining 95%+ guest satisfaction scores in post-stay surveys.
- Partnered with management to implement a workflow update that reduced guest wait times by 15% and improved service consistency across shifts.

Night Auditor | *Home2 Suites by Hilton* | Katy, TX

Mar 2024 – May 2024

- Reconciled nightly financial transactions totaling \$20K+ per shift using Hilton OnQ and OPERA PMS, improving end-of-day reporting accuracy by 10% through variance identification and correction.

LEADERSHIP & COMMUNITY INVOLVEMENT

Organizations: National Society of Black Engineers (NSBE) ▪ Future Information Technology Professionals (FITP) ▪ Hospitality Financial and Technology Professionals – Cougar Chapter (HFTP-CC) ▪ Rewriting the Code (RTC)

Volunteer: Houston Food Bank, Student Volunteer, Jan 2025 – Present — Supported food sorting, packing, and distribution serving food-insecure communities across Greater Houston.
